

# NIH eRA Commons February 2004 Release Notes

## Electronic Simplified Non-competing Award Process (eSNAP)

On the eSNAP Module, the NLM Accession Number field has been renamed to **PubMed Citation Number**.

**NOTE:** This change was also made on the Person Profile File (PPF) Module.

## Status Query Modifications

The following enhancements have been added to the Status Query Module.

The screenshot displays the NIH eRA Commons Status Query - eApplications interface. The interface includes a header with the NIH logo and navigation tabs. The left sidebar contains links for General Search, Just in Time, Pending Progress Report, Recently Awarded, Training Grants, eSubmissions, and eApplications (circled in red). The main content area shows the eApplications search form with fields for Grant Number, Accession Number, PI eSubmission Status, SO eSubmission Status, Application Status, Received Date, and Organization Hierarchy. The PI eSubmission Status and SO eSubmission Status fields are circled in red.

1. The **PI Status** and **eSubmission** queries now use live data rather than cached data. This will allow PIs and SOs the ability to view and act on electronic submissions immediately after they are submitted. Additionally, the PI Name field has been removed as an eSubmission query parameter.
2. The eSubmissions name has been changed to **eApplications**.

- The primary and dual assignments on the Status detail have been corrected.

- e-Mail notifications were added when the PI and SO verify or reject an eApplication submission.

7. Access to Grant Folder has been added to the Verify eApplications Screen (STA4041).

## Grant Folder

1. The cover letter has been added to the Grant Folder.
2. Access to Grant Folder has been added to the Verify eApplications Screen (STA4041).

## Institutional Profile (IPF)

The Duns Number has been added to the Request to Register Grantee Institution Screen and the Confirm IPF.

## Profile File (PPF) Module

On the Profile File (PPF) Module, the NLM Accession Number field has been renamed to **PubMed Citation Number**.
